

Tool set for Electronics Lab

Digital Multimeter (DMM)

Wire Stripper

ESD angled tweezer

Solderless Breadboard

Line Tester cum screw driver

*** Images are give for your reference**

Few brand suggestions and approx. price range

- 1) **DMM: Mastech MAS830L or equi. (Price range: Rs. 650 to 900)**
 - 2) **Wire Stripper: Stanley/ Taparia/ Multitec or equi. (Rs. 50 to 100)**
 - 3) **ESD angled tweezer: Any brand, but ESD (Rs. 80 to 120)**
 - 4) **Solderless Breadboard: WISH/ DOAT or equi. (Rs. 150 to 250)**
 - 5) **Tester cum screw driver: Taparia/ Multitec or equi. (Rs. 70 to 90)**
-

** Price ranges are given to get an idea about the amount needed to procure it.

** Some products are available in the low-cost range (possibly fake/ low quality) and will go bad anytime (mainly in case of DMM and breadboard). **So buy it carefully.**

e.g. Mastech DMM are available in the market with different manufacturer name and with same or similar model name.

** Best place to purchase the electronics components (locally) is Lamington Road, Mumbai.

** Few known vendors at Lamington Road (Nearest local train station: Grant Road)

1) Gala Electronics

2) Visha Electronics (Both on the 1st floor of Kalpana Building, opp. Bhadkamkar Police station, Lamington road)

** You can also explore some other shops at Lamington road and online websites < <https://robu.in/>> or
