Your account for everything Autodesk
[LEARN MORE](#)

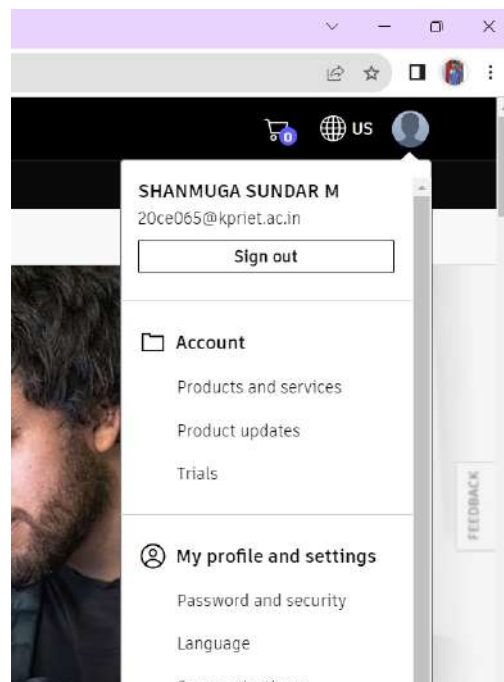

Once you have given all the details to create an account, You will get a verification link sent to your mail id from Autodesk.

Click the verify button in the mail sent and you will get a confirmation of your account created like the one shown below..

Now once again go to the same Autodesk education license website and in the upper corner, you will have your account detail

As shown in the picture , you can access the products of Autodesk from here.

5. Now click get educational access button in the website.

6. You will be redirected to this page and have to fill the details correctly.

Name of college has to be spelled correctly and tenure of your graduation course has to be mentioned properly. - E.g.. Engineering course- 4yrs.

(Note- start and end of your course has to be correct. It should be same date eg. 2/2/2000-2/2/2004)

The screenshot shows the Autodesk Education Community registration page. The header includes the Autodesk logo, a search bar, and navigation links for Products, Support, Learn, and Community. The main content is divided into two sections: 'Account details' and 'Educational institution'. The 'Account details' section includes a message to check information, an email field (20ce065@kpriet.ac.in), first and last name fields (SHANMUGA, SUNDAR M), an educational role dropdown (Student), and a date of birth field (08/04/2002). The 'Educational institution' section includes a message that all fields are required unless noted, a school address section with country (India), address (Avinashi- Coimbatore rd, Arasur, Kpr Institute of Engineering and Technology), and an optional second address line, and a school information section with institution type (University/Post-Secondary), name (Kpr Institute Of Engineering And Techno), and school website (https://www.kpriet.ac.in). The 'Enrollment information' section includes enrollment date (04/15/2020) and graduation date (04/15/2024). A 'Subscription summary' sidebar on the right shows 'Educational Access' for 1 year and a 'CONFIRM' button.

Autodesk Education Community

1 Account details
Check your information is correct and all fields are complete.

20ce065@kpriet.ac.in
update your email in your Autodesk account.

Educational Access: 1 year
CONFIRM >

Give the institution official website link in the column they asked.

It might be confusing to fill the details, because the website is designed in 'United states' compliance.

In the website, you will get the confirmation like this.

Thank you for downloading Fusion 360

If your download does not begin automatically, [please try again](#).

Download, sign-in, and start designing

Once you click the access button in the fusion product box, the .exe file will automatically get downloaded. Then you can install the software by opening the .exe file.

After Installation, create a team by giving name of the team.

“Team” as of fusion 360 term is an name for your project files.
